To the Members of **RANJIT SECURITIES LIMITED**

Report on the Audit of the Standalone Financial Statements

We have audited the accompanying financial statements of **Ranjit Securities Limited** ("the Company"), which comprise the balance sheet as at March 31, 2026, and the Statement of Profit and Loss (Including other Comprehensive Income), statement of cash flows and statement of Changes in equity for the year then ended, and notes to the financial statements, including the summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act with the Companies (Indian Accounting Standards) Rules, 2015, the relevant circulars, guidelines and directions issued by the Reserve Bank of India (RBI) from time to time ('RBI Guidelines') and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, its profit, total comprehensive Income, cash flows and the changes in equity for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the standards on auditing specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Information other than the financial statements and auditor's report thereon

- The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexure to Board's Report, Business Responsibility Report but does not include the financial statements and our auditors' report thereon.
- Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such control
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Internal Financial Controls with reference to financial statements

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **RANJIT SECURITIES LIMITED** ("the Company") as of March 31, 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial

statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Amount in the financial statements are presented in Indian Rupees (₹) in lakh, which is also the Company's functional currency and all amounts have been rounded off to the nearest lakhs unless otherwise indicated.

iii. Basis of measurement:

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period as **explained in the accounting policies below**.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services at the time or entering into the transaction.

iv. Measurement of fair values:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into accounts when pricing the assets or liability at the measurement date.

A number of the company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

Fair value for measurement and/or disclosure purposes for certain items in these financial statements is determined considering the following measurement methods:

Items	Measurement Basis
Certain Financial Assets and Liabilities (including derivatives instruments)	Fair Values
Net Defined Benefits (asset)/liability	Fair Value of Planed Assets less Present Value of Defined Benefits Obligations
Property Plant and Equipment	Value in use Under Ind AS 36

Fair values are categorized into different levels (Level 1, Level 2 or Level 3) in a fair value hierarchy based on the inputs used in the valuation techniques. When measuring the fair value of an asset or a liability, the company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair

RANJIT SECURITIES LIMITED

317-318, TRANSPORT NAGAR, SCHEME NO. 44, INDORE - 452014

value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The levels are described as follows:

- a. Level 1: inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date.
- b. Level 2: inputs are inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly or indirectly; and
- c. Level 3: inputs are unobservable inputs for the valuation of assets or liabilities that the Company can access at the measurement date.

Valuation model and framework used for fair value measurement and disclosure of financial instrument.

Refer notes 34A and 348

The company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

v. Use of estimates and judgments

In preparing these financial statements, management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities (including contingent liabilities and assets) as on the date of the financial statements and the reported income and expenses for the reporting period. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively.

a. Judgments

Information about the judgments made in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements is included in the following notes:

Classification of financial assets: assessment of business model within which the assets are held and assessment of whether the contractual terms of the financial asset are solely payments of principal and interest on the principal amount outstanding.

RANJIT SECURITIES LIMITED

317-318, TRANSPORT NAGAR, SCHEME NO. 44, INDORE - 452014

Impairment of financial assets: establishing the criteria for determining whether credit risk on the financial assets has increased significantly since initial recognition, determining methodology for incorporating forward looking information into measurement of expected credit loss ('ECL') and selection of models used to measure ECL.

Equity accounted investees: whether the Company has significant influence over an investee.

b. Assumptions and estimation uncertainties

Measurement of defined benefit obligations: key actuarial assumptions

Recognition of deferred tax assets: availability of future taxable profit against which carry-forward tax losses can be used;

Determination of the estimated useful lives of tangible assets and the assessment as to which components of the cost may be capitalized;

Estimates regarding the value in use of the cash generating unit (CGU) for non-financial assets based on the future cash flows; and

Recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources.

vi. Revenue Recognition

The Company follows the accrual basis of accounting except, in the following case where the same are recorded on cash basis on ascertainment of risk and obligation.

- Interest and other dues are recognized on accrual basis except in the case of Income of Non-Performing Assets (NPA) which is recognized as & when received as per the prudential norms prescribed by the RBI.
- Dividend declared by the respective company's up-to the close of the accounting period are accounted for as income once the right to receive is established.

vii. Statement of Cash Flows:

Statement of Cash Flows is prepared segregating the cash flows into operating, investing and financing activities. Cash flow from operating activities is reported using indirect method adjusting the net profit for the effects of:

- i. Changes during the period in operating receivables and payables transactions of a non-cash nature,

RANJIT SECURITIES LIMITED

317-318, TRANSPORT NAGAR, SCHEME NO. 44, INDORE - 452014

- ii. Non-cash items such as depreciation, Impairment, deferred taxes, unrealized foreign currency gains and losses, and undistributed profits of associates and joint ventures; and
- iii. All other items for which the cash effects are investing or financing cash flows.

Cash and cash equivalents (including bank balances) shown in the Statement of Cash Flows exclude items which are not available for general use as on the date of Balance sheet.

viii. Financial assets at Fair Value through Other Comprehensive Income ('FVTOCI')

A financial asset is measured at FVTOCI only if both of the following conditions are met:

It is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.

The contractual terms of the financial asset represent contractual cash flows that are solely payments of payments of principle and interest.

Subsequently, these are measured at fair value and changes therein, are recognized in other comprehensive income, Impairment losses on said financial assets are recognized in other comprehensive income and do not reduce the carrying amount of the financial asset in the balance sheet.

ix. Financial assets at Fair value through profit and Loss (FVTPL)

Any financial instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified as at FVTPL.

Subsequently, these are measured at fair value and changes therein, are recognized in profit and loss account.

x. Investment in equity instruments

All equity investments in scope of Ind AS 109 (i.e. other than equity investments in subsidiaries/associates/joint ventures) are measured at FVTPL.

Subsequently, these are measured at fair value and changes therein, are recognized in profit and loss account. However on initial recognition of an equity instrument that is not held for trading the Company may irrevocably elect to present subsequent changes in fair value in OCI. This election is made on an investment by investment basis.

xi. De-recognition/Modification of financial assets and financial liabilities

Financial Assets

RANJIT SECURITIES LIMITED

317-318, TRANSPORT NAGAR, SCHEME NO. 44, INDORE - 452014

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily de-recognized (i.e. removed from the company's balance sheet) when:

- a. The rights to receive cash flows from the asset have expired, or fully recovered or
- b. The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either:
- c. (i). The Company has transferred substantially all the risks and rewards of the asset, or
(ii) The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an assets or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the company continues to recognize the transferred asset to the extent of the company's continuing involvement. The Company also recognize a liability for the consideration received attributable to the company's continuing involvement on the asset transferred. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the company has retained.

On de-recognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset de-recognized) and the sum of (i) the consideration received (including any new asset obtained less any new liability assumed) and (ii) any cumulative gain or loss that had been recognized in OCI is recognized in profit or loss.

Financial liabilities

The Company de-recognizes a financial liability when its contractual obligations are discharged or cancelled, or expired.

xii. Modifications of financial assets and financial liabilities

Financial assets

If the terms of a financial asset are modified, the Company evaluates whether the cash flows of the modified asset are substantially different. If the cash flows are substantially different, then the modification results in de-recognition of the original financial asset and new financial asset is recognized at fair value.

If the cash flows of the modified asset are not substantially different, then the modification does not result in de-recognition of the financial asset. In this case, the Company recalculates the gross carrying amount of the financial asset and recognizes the amount arising from adjusting the gross carrying amount as a modification gain or loss in profit or loss. Any costs or fees incurred adjust the carrying amount of the modified financials asset and are amortized over the remaining term of the modified financial asset by re-computing the EIR rate on the instrument.

RANJIT SECURITIES LIMITED

317-318, TRANSPORT NAGAR, SCHEME NO. 44, INDORE - 452014

If such a modification is carried out because of financial difficulties of the borrower, then the gain or loss is presented together with impairment losses. In other cases, it is presented as interest income.

Financial liabilities

The Company de-recognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in profit or loss.

If the modification is not accounted as de-recognition, then the amortized cost of the liability is recalculated by discounting the modified cash flows at the original EIR and the resulting gain or loss is recognized in profit or loss. Any costs or fees incurred adjust the carrying amount of the modified financial liability and are amortized over the remaining term of the modified financial liability by re-computing the EIR rate on the instrument.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet when the Company has a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, or realize the asset and settle the liability simultaneously.

xiii. Impairment of Financial Assets:

The Company recognizes impairment allowances for ECL on all the financial assets that are not measured at FVTPL:

- a. Financial assets that are debt instruments.
- b. Lease receivables.
- c. Financial guarantee contracts issued
- d. Loan commitment issued.
- e. Financial assets that are not credit impaired - as the present value of all cash shortfalls that are possible within 12 months after the reporting date.
- f. Financial assets with significant increase in credit risk but not credit impaired - as the present value of all cash shortfalls that result from all possible default events over the expected life of the financial asset.
- g. Financial assets that are credit impaired - as the difference between the gross carrying amount and the present value of estimated cash flows.

RANJIT SECURITIES LIMITED

317-318, TRANSPORT NAGAR, SCHEME NO. 44, INDORE - 452014

- h. Undrawn loan commitments - as the present value of the difference between the contractual cash flows that are due to the Company if the commitment is drawn down and the cash flows that the Company expects to receive.
- i. No impairment loss is recognized on equity investments.
- j. ECL are probability weighted estimate of credit losses. They are measured as follows:
 - i. With respect to trade receivables and other financial assets, the Company measures the loss allowance at an amount equal to lifetime expected credit losses.
 - ii. Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets. For financial assets at FVTOCI, the loss allowance is recognized in OCI.

Based on the above process, the Company categorizes its loans into Stage 1, Stage 2 and Stage 3, as described below:

Stage 1: When loans are first recognized, the Company recognizes an allowance based on 12 month ECLs. This also includes facilities where the credit risk has improved and the loan has been reclassified from stage 2

Stage 2: When a loan has shown a significant increase in credit risk since origination, the company records an allowance for the LTECLs. Stage2 loans also include facilities, where the credit risk has improved and the loan has been reclassified from stage 3.

Stage 3: Loans considered credit-impaired. A default of a financial asset is when the counter-party fails to make the contractual payments within 90 days of when they fall due. Accordingly, the financial assets shall be classified as Stage 3, if on the reporting date, it has been more than 90 days past due. Further if the customer has requested forbearance in repayment terms, such restructured, .rescheduled or renegotiated accounts are also classified as Stage 3. Non-payment on another obligation of the same customer is also considered as a stage 3. Defaulted accounts include customers reported as fraud in the Fraud Risk Management Committee. Once an account defaults as a result of the. Days past due condition, it will be considered to be cured only when entire arrears of interest and principal are paid by the borrower. The Company records an allowance for the LTECLs

Write-off

Financial assets are written off (either partially or in full) when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. This assessment is carried out at the individual asset level and is charged to statement of profit or loss.

However, financial assets that are written off could still be subject to enforcement activities under the company's recovery procedures, taking into account legal advice where appropriate.

RANJIT SECURITIES LIMITED

317-318, TRANSPORT NAGAR, SCHEME NO. 44, INDORE - 452014

Any recoveries made are recognized in profit or loss as an adjustment to impairment on financial assets.

xiv. Property, plant and equipment and Investment property

Recognition and measurement

Property, plant and equipment held for use or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. The cost included non – refundable taxes, duties, freight and other incidental expenses related to the acquisition and installation of the respective assets. I

Investment Property consists of building let out to earn rentals. The Company follows cost model for measurement of investment property.

Depreciation

Depreciation is provided using the straight line method over the useful life as prescribed under Schedule II to the Companies Act, 2013- Depreciation is calculated on pro-rata basis, including the month of addition and excluding the month of sale/disposal. Leasehold improvements are amortized over the underlying lease term on a straight line basis. Residual value in respect of Buildings and Vehicles is considered as 5% of the cost and in cost and in case of other assets 'Nil'.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

De-recognition

An item of property, plant and equipment or investment property is de-recognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment or investment property is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in profit or loss.

xv. Intangible assets.

Recognition and measurement

Intangible assets are recognized at cost of acquisition which include all expenditure that can be directly attributed or allocated on a reasonable and. consistent basis, to create, produce or making the asset ready for its intended use.

RANJIT SECURITIES LIMITED

317-318, TRANSPORT NAGAR, SCHEME NO. 44, INDORE - 452014

Amortization

Amortization is recognized on a straight line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any change in estimate being accounted for a prospective basis.

De-recognition

An intangible asset is de-recognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposals proceed and the carrying amount of the asset is recognized in profit or loss when the asset is de-recognized.

xvi. Impairment of non-financial assets

At each reporting date, the Company reviews the carrying amount of its non- Financial assets (other than assets held for sale and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that is largely independent of the cash inflows of other assets or CGUs.

The 'recoverable amount' of an asset or CGU is the greater of its value in use and its fair value is costs to sell. 'Value in use' is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

Impairment losses are recognized in profit and loss. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

xvii. Provisions and contingencies rerated to claims, litigation, etc.

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably.

Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote contingent assets are disclosed in the financial statements where an inflow of economic benefits is probable.

xviii. Cash and cash equivalent

Cash and cash equivalents include balance with banks in current accounts and term deposits, cash & cheques in hand and money lent on collateralized lending & borrowing obligations transactions.
